RRP Yamaha SuperJet 1 Air Inlet Handle Pole Bracket ('92-'95)

$275.00

This CNC machined bracket is made out of 6061 T6 anodized aluminum. Using a really wide mounting surface, 6 bolts and underplate gives a really good clamping on to the hull.Â It also comes with beefy adjustable hood clips. This bracket is race legal in mod class, freestyle and free ride. NOTE: you will have to use some earlier model parts like pivot bolt and spring.
