Kawasaki Ultra Ceramic Driveline & Pump Bearings

\$265.00

Give your Ultra the ultimate advantage by installing our Ceramic driveline and pump bearings. Low friction equals more horsepower by eliminating the drag associated with the cheap OEM roller bearings. These are a direct replacement bearing and are legal in the Stock, Limited and Open APBA and USBA classes. Our driveline and pump bearings are sold as a 3 piece kit.

*Note the 2010 bearing are \$85 more due to an extra bearing included in the kit.
