Kawasaki 750/800 Head Kit w/o Girdle

\$249.00

Our Non-Girdled Head has all the features of our Girdled Head without the added expense and complexities of the girdle kit. Cost effective yet high quality you can add to the reliability of your SX-R and have the option of running different compression ratios by interchanging domes. Recommended for use with the stock pipe, or Factory Wet Pipe this head is a great performer at a reasonable price.

*** domes are not included**
