Domes (22cc, 24cc, 26cc, 27cc, 28.5cc, 29.5cc)

\$96.50

Our interchangeable domes are compatible with both our Non-Girdled and Girdled Head Kits. Manufactured from billet 7075 aluminum alloy and hard anodized for even heat dissipation and corrosion protection. Our domes feature a unique bowl shape that is not your typical spherical configuration. Team Kawasaki has proven this design for the past four seasons. Also featuring a stepped squish band which optimizes the piston to dome clearance to gain unsurpassed performance. Our standard domes are compatible with any year SX-R 800 cylinder and .020" base gasket.
